Dear Ms. Weber:

This letter supplements my letter to you dated March 30, 2016 wherein I provided financial assurance documentation including a Letter from the Chief Financial Officer of Occidental Petroleum Corporation ("CFO Letter") and Corporate Guarantee to demonstrate financial assurance for the subject facility. The CFO Letter advised of the total current cost estimate covered by such a financial test or guarantee for the multiple facilities under OPC's control.

Subsequent to the March 30, 2016 submission to you, the New Jersey Department of Environmental Protection (NJDEP) requested that OPC revise its cost estimate at two facilities.

The chart below provides the previous amount reported to you for those facilities, the updated cost estimate in accordance with NJDEP's request, and the revised total obligation as to these facilities:

Facility	Previous Amount Reported	Updated Amount Reported
NJ ISRA No. 01-05-25-1327-46 Don Haug Site Bridgewater Township 358 Union Avenue Somerset, New Jersey 08807	\$20,000	\$95,000
NJ ISRA No. 86336 Occidental Chemical Corporation Former Diamond Shamrock Chemical 651 Tonnele Avenue Jersey City, New Jersey 07307	\$55,000	\$306,400
Total:	\$75,000	\$401,400

With this increase, OPC's total cost estimate across multiple facilities increased from \$233,795,377 to \$234,121,817, a difference of \$326,400. Please note that this letter is provided for your information only as this increase does not change OPC's ability to pass the financial test. Accordingly, all other information reported to you in the CFO Letter remains unchanged.

If you have any questions, or if I can be of further assistance, please do not hesitate to contact me.

Respectfully,
